AZTECH GROUP

AZTECH GROUP is an Engineering, Procurement & Construction company (EPC) that specializes in the field of Oil, Natural Gas and Petrochemical.

AZTECH **Engineering** team is committed to taking part in designing a variety of special goods, equipment and packages in the Oil, Gas and Petrochemical field considering the latest version of International Standards and updated Technologies and knowledge.

AZTECH provides special **Procurement** services, including sourcing all project material concentrating on special alloys, special services and functions in the Oil, Gas and Petrochemical.

We manage the projects as per the latest version of related standards to assist the purchase project managers in delivering the project as per the agreed schedule and considering all technical and QC requirements. Performing the purchasing functions for projects from start to delivery at site.

AZTECH success is based on delivering exceptional value over the lifecycle of our client's projects in the oil and natural gas field and achieving exceptional quality throughout the course of the project execution and **Construction**. We deliver solutions in every region of the world under some of the most demanding conditions. When clients have difficult EPC challenges, they come to AZTECH for an expert advice. Whether we are providing EPC for a large facility, small capital construction, or a government building project, AZTECH will deliver exceptional service and performance.
